ALLIANCE FOR RESPONSE

**Galveston-Houston Area
Alliance**

Presentation by

**The Louis Berger Group, Inc.,
Galveston, Texas**

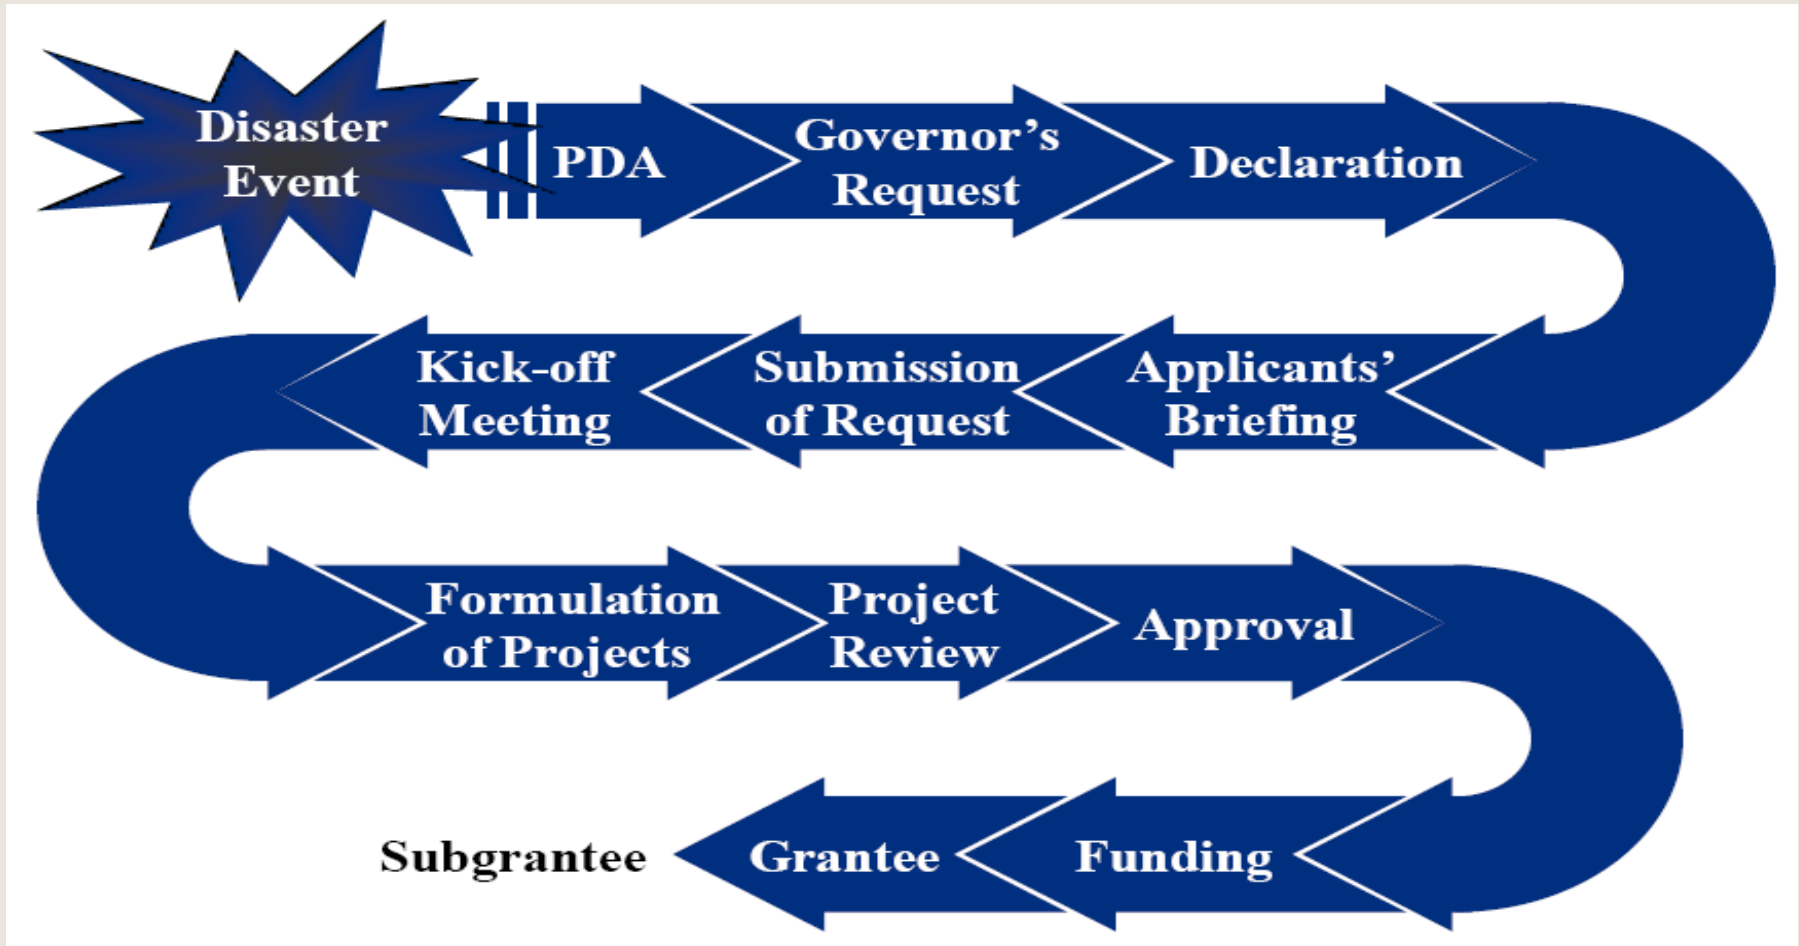

July 29, 2011

Pre-Positioned Services

- **Technical Assistance**
 - **Preparedness Planning**
 - **Disaster Support**
 - **Recovery Support**
- **Response Services**
 - **Emergency Response**
 - **Planned Recovery Services**

DISASTER EVENT FLOWCHART

Disaster Classifications

- Category A** - Debris (loading, hauling & disposal)
- Category B** - Emergency Protective Measures (first 60 days)
- Category C** - Roads & Bridges
- Category D** - Water Control Facilities
- Category E** - Buildings & Equipment
- Category F** - Utilities
- Category G** - Parks, Recreational & Other

Why Pre-Positioned Technical Support?

- **Lessening the burden by having FEMA knowledgeable staff manage this process,**
- **Speeding up the cash flow by getting eligible projects processed quicker,**
- **Obtaining the maximum eligible value for the damage,**
- **Identifying hazard mitigation opportunities to minimize future impacts,**
- **Aiding in recovery to get the facility back to its pre-existing condition and/or function faster, and**
- **Train and Prepare Applicant for Future Disasters.**

Why Pre-Positioned Response Support?

- **Enables quicker emergency response lessening the impact on the facility,**
- **Pre-positioned contract allows applicant to define and manage response contractor obligations and provides cost control measures,**
- **Provides FEMA with documentation to enable recovery of costs to eligible scope items, and**
- **Can provide a mechanism for transition to recovery services.**
